## CARPORIO SOLUTIONS

Carporio is a commitment to a greener, more sustainable future. Our flagship solar carports showcase our dedication to integrating renewable energy into everyday life.

Imagine transforming your company, municipality or commercial park into a beacon of sustainability, enhancing its appeal and reducing its carbon footprint. Carporio offers a diverse range of products designed to meet your environmental goals, from solar carports to mounting systems and power plants.

Our comprehensive product line supports your Environmental, Social, and Governance (ESG) strategy, helping you reduce your carbon footprint and demonstrate a strong commitment to sustainability. By adopting Carporio solutions, you'll enhance your reputation and appeal to environmentally-conscious investors, clients, and stakeholders.

# CARPORT L

EASY PARKING WITH A STYLE

Carporio Solar Carport L offers extensive coverage for large parking areas, providing ample shaded parking while generating clean energy with solar panels. Designed for water harvesting and easy parking, this carport is ideal for companies and commercial and logistic parks. Additionally, it can be equipped with roofs made of trapezoidal sheet metal or green roofs for added versatility.

# CARPORT Y

SPACIOUS BASE OF YOUR ECOSYSTEM

Carporio Solar Carport Y offers generous space for easy parking and integrates solar panels for clean energy generation. Designed for water harvesting and suitable for companies and commercial and logistic parks, this carport can also be configured with roofs made of trapezoidal sheet metal or green roofs for added versatility.

# CARPORT U

COMPACT AND PRACTICAL  
PARKING SOLUTION

Carporio Solar Carport U is perfect for smaller spaces, offering easy installation and solar panel integration. Designed for water harvesting and suitable for various locations, this carport boasts self-supporting construction and simple assembly without the need for anchoring to the ground. Additionally, it can be equipped with roofs made of trapezoidal sheet metal or green roofs for added versatility.

# ROOFTOP SOLAR PLANTS

HARNESSING SOLAR POWER  
ON YOUR ROOFTOP

Carporio Rooftop Solar Plants transform unused rooftop space into a green energy source, maximizing energy efficiency and sustainability. With a focus on easy and reliable installation for maximum effectiveness, Carporio's mounting system ensures high-quality and dependable solutions for solar energy generation. The precise design and certified compatibility of all components make installation intuitive and quick, guaranteeing seamless integration with your rooftop.

# GROUND-MOUNTED SOLAR PLANTS

Carporio Ground-Mounted Solar Plants offer scalable solar solutions for large open areas, ensuring maximum energy output. With an emphasis on easy installation and adaptable design, these solar plants provide versatile options for renewable energy generation.

# WALL-MOUNTED SOLAR PLANTS

Carporio Wall-Mounted Solar Plants utilize vertical surfaces to generate renewable energy, ideal for buildings with limited roof space. With an emphasis on easy and reliable installation, Carporio's mounting system ensures seamless integration with your building facade, providing efficient solar energy solutions.

# WALLBOX STANDS

Carporio Wallbox Stands provide convenient and efficient charging for electric vehicles, seamlessly integrating with your infrastructure. With an emphasis on user-friendly design, these stands offer reliable and accessible charging solutions for electric vehicle owners.

## BATTERY STANDS

Carporio Battery Stands offer robust and efficient energy storage solutions, helping you manage energy supply and demand effectively. With a focus on scalability and reliability, these stands provide versatile options for energy storage needs.

## HEAT PUMP STANDS

Carporio Heat Pump Stands support and optimize your heat pumps, improving energy efficiency and performance. With an emphasis on longevity and customization, these stands offer tailored solutions to fit different heat pump models and configurations.

# BICYCLE STANDS

Carporio Bicycle Stands provide secure bike parking solutions, promoting eco-friendly transportation options. With a focus on space efficiency and customization, these stands offer organized and secure storage for bicycles.

# URBAN FURNITURE

Carporio Urban Furniture enhances public spaces with sustainable and stylish designs. With an emphasis on durability and customization, these furniture pieces offer functional and aesthetic enhancements to urban environments.

# RAINWATER HARVESTING

Carporio Rainwater Harvesting systems collect water efficiently, promoting sustainable water management practices. With a focus on water conservation and customization, these systems offer solutions for various non-potable water uses.

# FIRE EXTINGUISHER COVERS

Carporio Fire Extinguisher Covers protect fire safety equipment, ensuring functionality and accessibility. With an emphasis on compliance and customization, these covers offer reliable protection for fire extinguishers in various settings.

# OUR STORY

Carporio is a bright idea born from Zihos and Zihos Solar, proud members of the Altare Group. With over 30 years of engineering excellence, we've been dedicated to top-quality, cost-effective, and timely delivery since 1991.

Nestled in the charming town of Švihov, just 30 km south of Pilsen, we've tackled major projects for prestigious clients for example in the Czech Republic, Germany or England. Our ISO 3834-2 and ISO 1090-1 certifications (with ISO 9001 and ISO 14001 on the way) ensure we meet the highest standards.

On top of that, we weave ESG principles into our strategies, proving that sustainability and top-notch service can go hand in hand. Join us on our mission to deliver sustainable ecosystem solutions.

# WHY OUR PARTNERS CHOOSE US?

## EXPERIENCE AND EXPERTISE

With over three decades of experience in the manufacturing industry, we have the knowledge and expertise to tackle even the most challenging projects effectively.

## QUALITY AND RELIABILITY

We prioritize quality in every aspect of our operations, ensuring that our products meet the highest standards of excellence and reliability.

## CUSTOMER SATISFACTION

Customer satisfaction is our top priority, and we go above and beyond to ensure that our client's needs are met with the utmost professionalism and dedication.

## COMPREHENSIVE SERVICES

From design to delivery, we offer comprehensive services to our clients, providing end-to-end solutions tailored to their specific requirements.

## LOCAL SOURCING AND SUSTAINABILITY

All our suppliers are located within 25 kilometres of our factory, minimizing the supply chain and reducing carbon emissions. Additionally, our commitment to sustainability is ingrained in everything we do, from product design to manufacturing processes.

## INNOVATION AND ADAPTABILITY

We continuously innovate to stay ahead of industry trends and adapt to changing market demands, ensuring that our clients receive cutting-edge solutions that meet their evolving needs.
